CM4

Rope marker

Machine for measuring,
marking and cutting ropes.

This **all-in-one** machine has been specifically designed **to facilitate measuring, marking and cutting ropes.**

MAIN FEATURES

Our Buraschi CM4 Rope Marker is an **extremely precise machine** that allows you to measure, mark and hot cutting ropes **with straight and oblique cuts.**

This machine can be used with **ropes with a diameter from 10 mm up to 40 mm (3/8" up to 1½")** and, thanks to a sophisticated software program, allows you to **record and store a wide range of executions and automatically repeat them as many times as you want.**

The cuts are performed extremely quickly and precisely and in a short time you will **significantly lower your working time while avoiding inaccurate results** of measuring, marking and cutting the ropes.

The Buraschi CM4 Rope Marker is easy to use and once you have started the program you have chosen, **it works without the need for an operator.**

At Buraschi, we always give you:

V Qualified Technicians
V Assistance through several channels wherever you are
V After-sales consultancy
