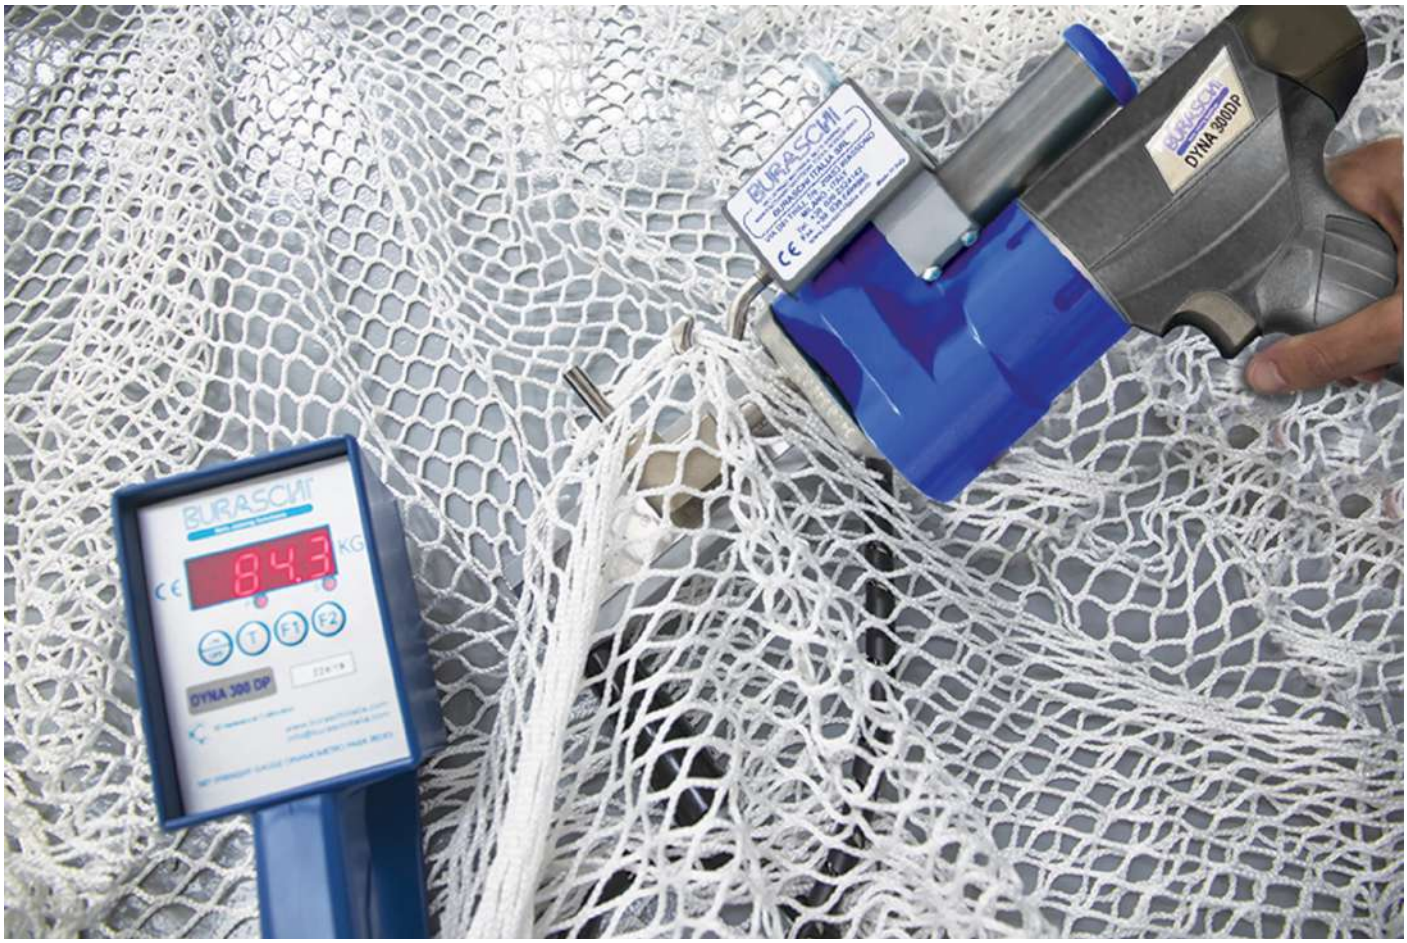
DYNA 300 DP

Dynamometer

Professional net tester,
portable and easy-to-use.

Especially designed to check the strength
of the nets whatever the application,
and in whatever conditions they are, dry or wet.
Designed for aquaculture.

Up to 300 kg.
Calibrate and certified.



Handy and portable it comes in a ABS suite case

This tool is **very compact and handy** so it can be comfortably carried to the place where the check is to be carried out.

The tester is **powered by a rechargeable battery with a 240V** charger.
The **display** is powered by a rechargeable battery with an **autonomy of 36 hours.**

With the DYNA 300 DP only a few readings are required to obtain an average value before deciding to discard the net.

This model of tester **does not have the printing option**, therefore the measurements must be recorded manually.

At Buraschi, we always give you:

V Qualified Technicians
V Assistance through several channels wherever you are
V After-sales consultancy

CERTIFICATION: DYNA 300 DP is an instrument calibrated andcertified according to legislative disposition 2006/42/EC and related amendments IIA.
UNI EN ISO 12100: 2010 ~ UNI EN ISO 14120: 2015 ~
CEI EN 60204-1: 2018
GISI: ITALIAN SERVICE FOR CALIBRATION

Handy dynamometer for testing the strength of the nets

This portable tester tool allows you to evaluate the loss of resistance of the net and the elongation of the meshes during their use as the most severe atmospheric conditions.

This dynamometer consists of two parts: the resistance tester and a display showing its measurement.

The **elongation speed is adjustable** from 90 mm/minute to 125 mm/minute, allowing you to select your own test parameters.

Dyna 300 makes your work safer

Designed for **aquaculture,** this testing tool indicates:

- Tensile strength in kilograms
- Net elongation in millimeters
- Percentage of network elongation

KEY FEATURES:

STRETCHING EXTENSION BETWEEN HOOKS 120 mm MAX

TEST RANGE:	up to 300 Kg
POWER:	**rechargeable LI-ION battery**
OVERLOAD:	5%
ACCURANCY:	1%
SIZE AND WEIGHT:	L 60cm x W 42cm x H 22cm – Kg 8
